Project: Lusby Commons Buildings B, C & D

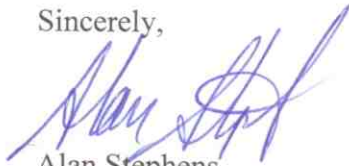

Dear Chris,

It is not often that I feel compelled to offer a letter of commendation that is unsolicited. However, Robert Aird, Inc.'s assistance on this project has gone above that of "normal" subcontractor participation.

From the initial bid received through completion of the project your firm has been extremely helpful and cooperative and it did not go unnoticed.

It will be my pleasure to work with your company again on a future project. Thank you again for your participation.

Sincerely,

Alan Stephens
